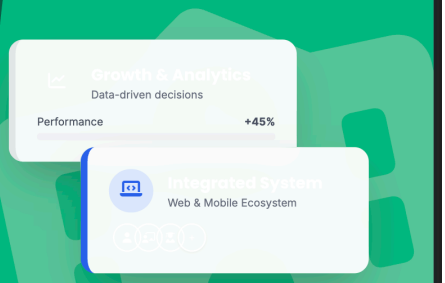
PROPOSAL FOR

The Green View English Academy

Digital Transformation for School Management

"Smart School Solutions for a Smarter Future"



PRESENTED BY
Dreamlytix

Dreamlytix

Who We Are

Empowering education through seamless technology integration.

COMPANY OVERVIEW

About Dreamlytix

- Dreamlytix is a technology solutions company specializing in **educational software systems**.
- We design and develop **secure, scalable, and user-friendly** school management platforms.
- Focused on improving **communication, efficiency, and transparency** in schools.
- Strong experience in **web platforms, mobile applications, and admin systems**.

Dreamlytix

The Problem

Manual systems create bottlenecks that slow down educational growth.

CURRENT CHALLENGES

Why Digital School Management?

- Manual work consumes excessive **time and effort**.
- Difficulty in managing scattered **student data & records**.
- Limited and delayed **parent-teacher communication**.
- Prone to **attendance and fee tracking errors**.
- No centralized system for **reports and analytics**.

Our solution solves **all of this** in one integrated platform.

INTEGRATED ECOSYSTEM

Our Proposed Solution

We propose a **fully integrated system** designed to streamline operations and enhance learning.

School Website

Modern, responsive web presence for information & admissions

Admin Panel

Web-based comprehensive control system for staff & management

Android App

Dedicated mobile application for Parents, Teachers & Students

Secure Database

Cloud hosted, encrypted storage ensuring data safety

All systems work together **seamlessly** in real-time

COMPONENT 01

School Website Features

A modern, informative, and responsive digital presence for your institution.

WEB TAB MOBILE

Responsive Design
Optimized for Mobile, Tablet, and Desktop

Updates Center
News, Events & School Announcements

Institutional Profile
About School, Vision & Mission Statements

Admissions
Online Admission Enquiry Form

Academic Information
Detailed Courses & Classes Information

Contact Integration
Contact Page with Google Maps Embed

Faculty & Staff
Dedicated section for team profiles

CMS Access
Secure Admin access for content updates

Media Gallery
High-quality Photo & Video Gallery

All website features are customizable per school needs.

COMPONENT 02

Admin Panel Features

Complete School Control System for streamlined operations & management.

WEB CLOUD SECURE

Student Management
Complete lifecycle: Admission to Alumni

Exams & Results
Marks entry, grading & report cards

Staff Management
Teacher & Staff profiles and records

Timetable System
Schedule management for all classes

Class & Section
Organize academic structure efficiently

Communication
Notice board & announcement system

Attendance Tracking
Digital records for Students & Staff

Access Control
Role-based access (Admin, Teacher, Staff)

Fee Management
Payment tracking & automated receipts

Reports & Analytics
Comprehensive data dashboard

MOBILE ECOSYSTEM

Android Mobile App Features

For Parents, Teachers & Students

Parent App

Monitoring & Updates

- Student Attendance Tracking
- Exam Results & Report Cards
- Fee Status & Payment History
- School Notices & Circulars
- Direct Teacher Communication

Key Component

Teacher App

Classroom Management

- Mark & Update Attendance
- Upload Marks & Results
- View Class Details
- Share Notices & Homework

Productivity

Student Access

Personal Dashboard

- View Attendance Record
- Check Exam Results
- Notifications & Announcements
- Daily Schedule View

Easy Access

INFRASTRUCTURE

Security & Technology

We prioritize data integrity and system reliability above all else.

Our architecture is built to industry-standard security protocols to ensure your school's data remains private and protected.

99.9% UPTIME

ZERO MALWARE

SSL SECURE

Secure Login

Advanced role-based access control prevents unauthorized entry to sensitive areas.

Encrypted Storage

AES-256 bit encryption ensures student and staff records are unreadable to intruders.

Regular Backups

Automated daily data backups to the cloud prevent any accidental data loss.

Cloud Hosting

Reliable, always-on cloud infrastructure accessible securely from anywhere.

Scalable System

Flexible architecture that grows effortlessly as your institution expands.

High Performance

Optimized code and caching for lightning-fast speeds even during peak usage.

PROJECT ROADMAP

Implementation Plan

TOTAL ESTIMATED TIME
8–10 Weeks

Planning
Requirement Discussion & Finalization
1 Week

UI/UX Design
Wireframes & Visual Prototypes
1 Week

Development
Core System Coding & Integration
4–6 Weeks

Testing
QA & Security Checks
1 Week

Launch
Deployment & Staff Training
1 Week

Planning | **Execution Phase** | Finalization

Dreamlytix

Training & Support

We don't just deliver – we ensure your success.

SERVICE ASSURANCE

Post-Delivery Support

- Comprehensive **Admin & Staff training sessions** to ensure smooth adoption.
- Detailed **User manuals & documentation** for easy reference.
- **Initial handholding support** during the critical go-live phase.
- Access to a **Dedicated technical support channel**.
- Commitment to **Quick issue resolution** to minimize downtime.

INVESTMENT OVERVIEW

Project Cost (One-Time)

Detailed breakdown of development & deployment costs

Currency: INR (₹)

COMPONENT DETAILS	COST
School Website Responsive design, content pages & admission portal	₹25,000
Admin Panel Comprehensive management system, reports & analytics	₹45,000
Android Mobile App Dedicated app for Parents, Teachers & Students	₹40,000
Setup & Deployment Server configuration, database setup & launch	₹10,000

Note: Final costs can be adjusted based on specific customization requirements.

POST-DELIVERY SUPPORT

Yearly Maintenance & Support

Ensuring your school's digital infrastructure runs smoothly year-round.

We Don't Just Deliver. We Support.

Technology requires care. Our Annual Maintenance Contract (AMC) guarantees that your system stays secure, updated, and efficient without adding to your staff's workload.

- Priority Support
- No Hidden Costs

Annual Maintenance Contract

Comprehensive coverage plan

AMC PACKAGE

Server & Hosting Support
Ensuring 99.9% uptime and server health optimization.

Bug Fixes & Minor Enhancements
Immediate resolution of technical glitches and small feature tweaks.

Security Updates
Regular patches to protect student data from new threats.

Technical Support
Dedicated channel for admin and staff query resolution.

Backup & Monitoring
Daily automated data backups and system performance tracking.

YEARLY MAINTENANCE COST
Renewable annually

₹18,000 – ₹25,000
Per Year

OUR KEY STRENGTHS

Why Choose Dreamlytix?

We combine technical expertise with a deep understanding of educational needs to deliver superior value.

Education-Focused

Specialized digital solutions tailored specifically for the unique workflows of schools and academies.

Intuitive Interface

Clean, modern, and user-friendly designs that require minimal training for staff and parents.

Secure Architecture

Robust security measures and scalable infrastructure ensuring data protection and reliability.

Dedicated Support

We don't just deliver; we provide ongoing maintenance and quick resolution for peace of mind.

Long-term Partner

A commitment to growing with you, adapting technology as your institution evolves over time.

Customization

Flexible modules that can be tailored to fit the specific operational needs of your school.

Dreamlytix

Let's Build a Smarter School Together

Ready to transform your institution with next-generation digital solutions? We are just a message away.
